### Branch Management

Here you can manage the branches of the project, manage versions, perform releases or explore the commit history.

BRANCH LIST   bchauvin's Sandbox   branch: feature/view-designer   version: 10.0.0-SNAPSHOT   Edit

#### Your Work In Progress

Your work is automatically merged each time you save as you are using simple commit mode. To save work in progress before merging, [change your commit preferences](#).

#### Merged Commits

Commits marked in orange are not yet visible in your workspace. Pull changes to see them.

- ▶ Merge in branch feature/view-designer HEAD   1 changed file   Tag   Release   Revert To  
By nuxeo, 7 months ago
- ▶ Add resource nuxeo.war/ui/document/blogpost//nuxeo-blogpost-create-layout.html   1 changed file   Tag   Release   Revert To

- ▶ Merge in b 01/23/2017 10:36:35 AM gner   1 changed file   Tag   Release   Revert To  
By nuxeo, 7 months ago

## Simple Mode

- Shows a new Work In Progress Zone (empty in this mode)
- Commits not pulled yet are marked in orange (same color code than the pull button)
- Commit date is moved to a tooltip to unclutter view (redundant info)
- HEAD color code is changed to avoid confusion with pull button
